

How early should I start lessons before my wedding day?

ONE YEAR — if you plan on including dance as part of your wellness, recreation, and romance for a lifetime, starting with feeling very comfortable and fabulous on your wedding day.

3-4 MONTHS PRIOR — if you are focused on the wedding dance and would like us to choreograph your special song.

1-2 MONTHS EARLIER — if you just realized you would be dancing in front of all your guests and have no clue what to do!

Your day, your song, your dance.

Our professional instructors can choreograph a dance to fit your personality, style, and favorite song.

We teach ballroom, bar-room, Latin, and international dancing!

Wedding Packages

We offer five Wedding Packages from which to choose!

Many couples start with the wedding workshop. This will get you moving and give you basic steps for a beautiful slow dance.

The workshop is enough for some; others like us to customize their dance to their personalities and choreograph to a special song.

Many families request additional choreography for their father/daughter or mother/son dance. Families often ask for private group lessons, including other family members and wedding parties.

For these requests, we offer the following packages.
